GENESIS™

RAPID SEAL PRO™ TUBE SEALER

Flexible and linkable bench-top sealer with fixed sealing head and optional handheld sealer

MODEL# SE9
CAT# 428-SE9

Durable and reliable high-speed sealing power with proven performance.

The GENESIS™ Rapid Seal Pro™ SE9 is a robust, high-performance tube sealer with a fixed sealing head engineered for fast sealing of PVC tubing in blood processing, cell therapy, biopharmaceutical and commercial applications. It produces strong, uniform, easy-to-separate seals in seconds and provides single-head, linkable multi-head and optional handheld flexibility to maximize efficiency for high volume segmenting.

Features:

- Linkable multi-head configurations
- Stainless steel handheld sealer (optional)
- Notched Seal™ for easy separation
- "Intelligent" RF Board – adjusts to all standard PVC blood tubing
- Rapid Seal Pro™ seals in 0.5 to 1.2 seconds
- 6' standard cable for handheld sealer (optional)
- CE and UL compliant
