

DUO

IV
GLOVE

IV SECUREMENT IN MANY LOCATIONS

The Duo is a **game-changer** in IV securement, **blending** the best features of both **strapped and strapless designs for ultimate functionality. Optimised for versatility**, the Duo **offers** healthcare professionals **a reliable, efficient solution for diverse patient needs**, combining comfort, security, and adaptability in one outstanding product.

DUAL HOLD

The Duo combines both straps and foam padded adhesive to provide unmatched security, ensuring IV lines stay firmly in place during any movement.

INCREASED SECUREMENT

By integrating dual technologies, the Duo offers enhanced reliability, reducing the risk of accidental dislodgement for superior patient care.

OPTIMISED FIT

Designed for versatility, the Duo adapts seamlessly to different patients' needs, delivering the best of both worlds for securement and comfort.
