CPR & AED Solutions

The Chain of Survival is an Internationally Recognized Process. If each link in the chain is completed to a high standard, the patient has the greatest chance of survival. At Aero, we support AEDs which contribute to more than one link of the chain of survival thus maximizing the patient's chances of survival along with contributing to the best possible quality of life post Sudden Cardiac Arrest (SCA).

- The amazing Brayden CPR Manikin lets your students see the real point of CPR with visual blood flow to the brain and other organs
