

Differential Manual Counters

Traditionally differential counters have been manual “gear and lever” machines, and many lab techs are accustomed to the feel of the levered keys. LW Scientific offers both 5-key and 8-key manual counters for those traditional techs to count Baso, Eosin, Myelo, Juven, Stab, Seg, Lymph, and Mono cells. These counters feature pictures and names of each cell for easier identification. The LW Scientific manual counters are economical, durable, and will provide years of use...even in the most demanding laboratory settings.

SPECIFICATIONS

Easy to read numbers
Right and left reset knobs
Non-slip bottom
Strip chart of mature and immature forms
Acid-resistant, high-impact plastic body
Lightweight and portable
Small footprint on lab bench

FEATURES

Durability provides for years of service
Bell alarm notifies of 100th cell counted

WEIGHTS & DIMS

5 Key:
Height: 2" (51mm)
Length: 9.75" (247mm)
Width: 3.25" (82mm)
Weight: 1.10 lb (0.49kg)

8 Key:
Height: 2" (51mm)
Length: 12.25" (311mm)
Width: 3.25" (82mm)
Weight: 1.70 lb (0.77kg)

PACKING WEIGHTS & DIMS

5 Key:
Height: 13" (330mm)
Length: 13" (330mm)
Width: 8" (203mm)
Weight: 3 lb (0.77kg)

8 Key:
Height: 33" (330mm)
Length: 33" (330mm)
Width: 8" (203mm)
Weight: 4 lb (1.81kg)

Differential Manual Counters

Model #	Description
CTL-DIFM-05KY	5-Key Differential Counter
CTL-DIFM-08KY	8-Key Differential Counter

- Used for blood cell counting
- Durable
- Acid-resistant
