Ankle and Toe Pressure Kit

HUNTLEIGH
A MEMBER OF THE ARJO FAMILY

Simple and Rapid Assessment of the Diabetic Foot

A comprehensive kit for vascular assessment of the diabetic foot and lymphatic limb.

The ankle and toe pressure (ATP) kit is a unique combination of the DMX Digital Doppler, probes and accessories providing the vascular, diabetic or lymphatic Specialist with a system to aid the assessment of arterial disease and neuropathy.

Our arterial plethysmography (APPG) probe easily attaches to the DMX Doppler Unit by simply swapping your Doppler probe with its adaptor.

Features:

- Complete kit for easy measurement of the Toe Brachial Index (TBI) on the diabetic and lymphatic foot
- DMX Doppler features a high-resolution color display of the vascular waveform
- APPG probe for easy measurement of TBI
- DMX Doppler features a Digital Dynamic Noise Reduction system to reduce background noise
- Ability to connect to optional Dopplex Reporter 5 reporting software to store and view results electronically

Included in the box:

- DMX Digital Doppler
- Medical Grade Recharging Kit
- EZ8XS Wide beam 8 MHz Doppler Probe
- Toe cuffs and inflator
- APPG probe for toe
- Adhesive strips for APPG probe (pack of 240)
- Arm/Ankle Cuffs (standard and large; latex free)
- Trigger operated Sphyg
- Neuropen and box of tips
- Educational CD
- Large Carry bag

Configurations

ATP-USA	Ankle Toe Pressure Kit
---------	------------------------

Warranty

3 years on Doppler Unit
