Basic Wedge Cushion

Latex Free

Three layers provide pressure distribution and weight equalization:

1. High density foam base
2. Non-aqueous specialized visco-elastic gel core layer reduces tissue interface pressure at critical points
   - Proprietary gel is a flexible solid that will not leak
   - Gel is placed at three pressure zones
3. Convoluted foam topper

Cover features

- Fluid-proof stretch top cover, reduces shear/friction
- Antimicrobial
- Flame retardant
- Removable and washable
