- 192 oz x 0.05 oz / 5,500 g x 1 g
- Tare Button to Remove Dry Diaper Weight and Measure Fluid Output
- 80-hour Rechargeable Battery Pack with Automatic Shut Off Feature
- 5/8-in Deep Stainless Steel Removable Tray Aids Sample Retention and Allows Easy Clean Up
- 1.2-in/30-mm High Backlit LCD Easily Readable in Dimly-Lit Nurseries
- Scale is Completely Submersible Underwater

DETECTO's Mariner® WPS12DT wet diaper scale meets all the hygiene demands of any active medical environment.

EASY-TO-USE, PORTABLE, AND CONVENIENT

The backlit blue LCD display offers large 1-in/25-mm high bold digits, readily visible in even the dimmest nursery conditions. The raised buttons allow for tactile functionality and easy operation. The UNIT key toggles through six different weight capacity display options in both decimals and fractions. The tare function conveniently allows the weight of a dry diaper to be removed from the total weight of a soiled diaper. The convenient 80-hour rechargeable battery pack with automatic shut-off feature conserves energy and allows the scale to be moved where it is needed the most.

DEPENDABLE ACCURACY for CLINICAL SETTINGS

HYGIENIC AND HEAVY-DUTY

The watertight AC plug and stainless steel construction allow for easy clean up, prevent corrosion, and reduce the risk of bacteria harboring in nooks and crannies. The 5/8-in deep removable stainless steel tray with raised edges holds items neatly on the weighing platform and makes clean up effortless. Both of these features are a necessity for messy nursery applications.

Removable stainless steel tray makes sanitation effortless.

Backlit LCD is easily visible, even in darkened rooms so babies won't be disturbed.

Model	WPS12DT Wet Diaper Scales		Dimensions	Scale	
Capacity x Increments	12 lb x 0.1 oz	192 oz x 0.05 oz		Tray	7.5 in W x 9.8 in D x 2.3 in H / 190.5 mm W x 247.5 mm D x 57.0 mm H
	12 lb x 0.005 lb	192 oz x 1/8 oz			9.0 in W x 6.0 in D x 1.1 in H / 228.6 mm W x 152.4 mm D x 27.9 mm H
